

NiMH battery for PULSIA station

NiMH Battery

Product code : 002446

Main features

- No heavy metals
- Proven reliability
- Stable operation
- Long service life
- Sealed molded connector

Electrical specifications

Voltage	6 V
Capacity	6 Ah
Technology	Nickel metal hydride
Connecteur	Sealed moulded plug Binder M8 4 points waterproof

Dimensions

Length	160 mm
Width	33 mm
Height	60 mm
Weight	700 g

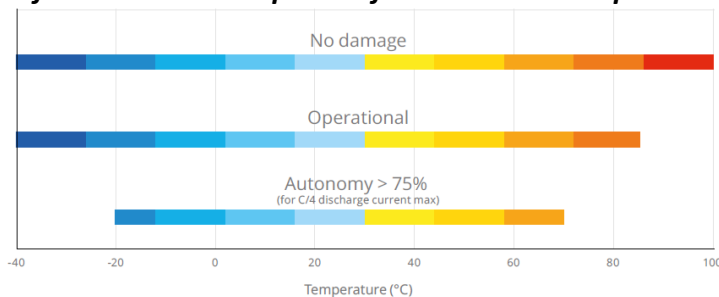

Environment

Operating temperature	-40 to +85°C
-----------------------	--------------

Other

Service life	10 years
Maintenance	None

Performances électriques en fonction de la température
